Professional Summary

AWS Certified Cloud Practitioner with professional experience designing, developing, and deploying scalable cloud-native web applications using the MERN stack and Amazon Web Services. Built and maintained production-grade e-commerce infrastructure, implemented CI/CD pipelines, optimized application performance using CloudFront and Lambda, and managed end-to-end cloud deployments.

Technical Skills

Languages: JavaScript, Python, Java, HTML5, CSS3

Frontend: React, Responsive Web Design, REST API Integration

Backend: Node.js, Express.js, REST APIs, Authentication

AWS: EC2, S3, CloudFront, Lambda, IAM, ECS, ECR, Route53, ALB, CloudWatch, CloudFormation

DevOps: Docker, Jenkins, Git, GitHub, Linux, CI/CD

Database: MongoDB, Mongoose

Professional Experience

Tech Lead – Tomasi Design

2023 – Present

- Led architecture and development of a production e-commerce platform.
- Built full-stack features using React, Node.js, Express, and MongoDB.
- Designed scalable AWS infrastructure using S3, CloudFront, ECS, ECR, ALB, and Route53.
- Built an AWS Lambda image optimization pipeline.
- Implemented Docker-based deployments and Jenkins CI/CD pipelines.
- Managed cloud infrastructure, monitoring, and application performance.

Projects

Tomasi Design E-Commerce Platform – Production MERN application with AWS-hosted assets, secure authentication, Stripe integration, responsive UI, and cloud-native deployment.

Serverless Image Compression Pipeline – AWS Lambda + S3 automated image optimization.

AWS Cloud Deployment Architecture – ECS, ECR, ALB, CloudWatch, IAM, Route53 deployment architecture.

AI Analytics & Reporting Automation – AI-powered analytics platform integrating PostHog, OpenAI, Telegram, and AWS to automatically generate business insights and performance reports.

Interactive Developer Portfolio – Modern React and JavaScript portfolio featuring responsive design, animations, project showcases, SEO optimization, and performance-focused architecture.

Certification

AWS Certified Cloud Practitioner

Education

Bachelor of Computer Applications (Expected 2026)
Navrachana University 79.9%

Senior Secondary (CBSE – Class XII)
Bright Day School CBSE, Vasna, Vadodara
2022
Percentage: 66%

Secondary (CBSE – Class X)
Bright Day School CBSE, Vasna, Vadodara
2020
Percentage: 74%
